Subject: Membership Application and ID Card

Dear New Member;

Welcome to THE “GATHERING”. I want to thank you for taking the time to fill out this application and joining your brothers and sisters in this Gathering of the Lost Tsalagi (Cherokee). Since 2005 our mission has been to establish tribal rights in our membership organization, for anyone that has Tsalagi (Cherokee) blood.

Most Native people who do not belong to a tribe or cannot get on closed Federal Government rolls are left to fend for themselves. Because of political policy within the tribes themselves it is difficult for those not born on the reservation or who have left their tribal homelands to get established back into any tribal organizations. By filling out the following paperwork you are establishing that right to be recognized as a Tsalagi (Cherokee) Indian within the United States and Canada.

The United Cherokee Nation (UCN) may accept any and all Tsalagi (Cherokee) Indians who state and claim their native heritage. After reviewing your application and documentation for acceptance, members will be issued a tribal membership card and certificate. Although you will be attached to a Clan Chief in your state, the membership ID Cards will be sent from the National Office.

This ID Card, paperwork and certificate remain the property of The United Cherokee Nation (UCN) at all times and are protected under the following Acts:

- ☐ The American Indian Religious Freedom Act of 1978.
- ☐ The Free Exercise Clause of the First Amendment.
- ☐ The Free Exercise Clause of the 1968 Indian Civil Rights Act.

Take the time to carefully review the application information and make sure you make additional copies of all forms not only for you, should you make mistakes in filling them out, but for anyone you know that has Cherokee blood. All funds and donations should be mailed to The United Cherokee Nation (UCN) National Office, not to your local Clan Chiefs. Once our National Office has reviewed your application we will send a notice of acceptance along with your new membership ID card. Due to recent returned check fees we no longer accept personal checks, U.S. postal money orders or PayPal only.

I look forward in communicating with each of you for which I am responsible. As the National/Principal Chief I will assist and do everything possible to keep you informed and up to date on events within the Clans, please check the website frequently. My email me should you wish to communicate as I am traveling throughout the United States. Please read the instructions and sign each page.

Sincerely,

Steven “Stone Bear” Phillips

* DISCLAIMER *

"Just to make sure everyone who is considering joining with us understands who we are. This is The United Cherokee Nation (UCN); we are not the Cherokee Nation of Oklahoma, the United Keetoowah Band of Oklahoma nor the Cherokee Nation of North Carolina (Eastern Band). We are a Worldwide Tribal Membership Organization, not a Federally recognized tribe. We are your Brothers and Sisters of Tsalagi (Cherokee) decent and blood. You will receive no government benefits that I know of, from joining with us. As individuals we stand on our own feet, we pay our taxes and do not receive any government handouts.

You will be able to meet and learn about your ancestors from those who are just like you. We are some of the 750,000 "Un-documented Cherokee"; we wish to "Gather" all of those who want a place to call home and a family to celebrate their heritage with. It's what is in your heart that makes you a Tsalagi, not the C.D.I.B. card issued to you by the Federal Government or Tribe that says you have enough blood quantum and / or your ancestors were counted like sheep in a specific place, at a certain time in the 1800 or 1900's. Although we do have some Federal Cherokee Tribal members who have also joined The UCN, due to their dissatisfaction to what is now happening with the Federal Tribes. Any and all Tsalagi are welcome, period. We do not discriminate in any way. We do not care from where you come, or how you came to this place in time, as long as you now are on the White Path with us.

The right to call yourself an Indian, specifically a Cherokee Indian is guaranteed to you by the Constitution of the United States and may not be limited in any way by those that do not agree with you or who are so young or so foolish as to remain brainwashed by the very leaders that lead them down the path to their own final destruction as a Nation. Ask the Creator and you will be shown the "White Path of Peace", seek and ye shall find. I would hope some day to have all one million Tsalagi (Cherokee) as members and that we will finally be re-united."
